### Experience:

- Hydromining facility fully operational since 1968
- Over 20 million pounds of propellant removed from over 3,200 motors

### Capabilities:

- Class 1.1 and 1.3 propellants
- Motors ranging from 5 inches to 5.5 feet in diameter and lengths to 24 feet
- Removal rates of 2,000 pounds per hour
- Closed-loop water system
- Steel and composite cases
